In Judge Williams, we present an able and accomplished jurist, who has ast long on the bench, and had a large and warle experience, and whose numerous decisions, supported by the Supreme Court, have been recognised by that tribunsi as being sound law, and expressed a manner worthy of its high commendation. In his hands the rights of the people will be accure.

WHAT IS EXPECTED OF PATRIOTS.

The election of those two men will be of vital importance to the people. It will destroy the sum presentions and professions of the Desactratic party, always arrogant and never initialed, it will establish the prosperity of the people on an enduring basis. We expect every friend of genoine Republicaniam to go to the policy and vote for Geary and Williams. Do not wait to be solicited. Do not wait for you neighbor. Ibout let apatasetic indifference render you careless in the exercise of what is not a more privilege but a daty. Remember, that the election of Geary will give us an honest administration of State offsire, whilst the obseided of a mass who exades the payment of his facts would be likely to be the advent 12 power of the election of the election, and if Fennyslvania should now fall into the hones of an effets and corrupt. Democracy, it may throw the next National administration into the power of rebels, free traders, and repudiators, A full Republican vote is a full Republican vice tory, Let every patriot do his daty and all will be well.

The Torpedo Question—Card from A. T. Ballantine. To THE PUBLIC:

"In reply to my card of the 27th inst, stating that Judge Grier's decision in fivor of Roberts vs. Reed did not affect the Bulantine torpedo, Roberts responds that the decision aforesaid i applicable to all torpedoes for oil wells, and drives everybody out of the market but hunself.
A plain statement of facts will show that such is
not the case. The suit of Roberts vs. Reed was infringement of Roberts' patent of April 665, which paten, was soldly applicable to Roberts' method of explorion, which cousists of drop weight, rubber tubing for packing, and gunted the same device, of which he also claimed to red in any other than an upright position

Let us now see what difference there is between the Roberts and Ballantine torpedoes. The Bal lantine torpedo consists in the first place of a rubber or any other material for packing In the second place, it connot be fired by a drop neight, but may be fired in any conceivable position in the well, and can be used generally for blasting and mining purposes. The method of exploding the Bullentine torpedo is totally different from that of Roberts, and the

Cattaraugus. In the Thirty-second Senatorial district com osed of Chautauqua and Cittaraugua counties N. Y, matters are unpromising, as they are the Assembly districts of Chutanque. The Convention min Mar Fridry, at Little Valley, in Cittaragus county. At once all hands went'n for a quarrel. All the seats from Chautauqus county were contested. Two delegations appeared from Cattainugus, also, one having been bosen by a joint convention of both Assembly districts in that county, and the other by accorders from the second district. Each disputed the claims of other to seats, and Chautauqua county denied the validity of the choice made by the Convention. So, nobody appeared to be nominate a candidate for Scuator. There was a split, of course. Three conventions were organized. All these bodies adjourned until Saturday morning. One of them then nominated A. D. Scott of E'licottville for Senator, and another recommended new primary action by the Republican electors of Cattaraugus and the call of a new Convention. Mr Baise Dunkirk on the 19th of October. One of the sets

of delegates already chosen from Chautauque county is to be recognized as regular in this Convention. The third body adjourned sine die without taking any action, as we understand the matter. There are three candidates besides Mr Scort whose population we have mentioned Watter L. Sessions, E. A. Mah rad C. V. B. Barne.
